## Ply

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Alone or in groups, Ply's playful geometry of surfaces is like the game of Tangram, shape and color work together to create open compositions. Tables are available with different sizes and heights (36 cm and 44 cm) in oak, black and red finishes. Stools are available in three heights (44, 64 and 76 cm) for dining and bar use in two colors: natural oak and black.
