PRODUCT DATA SHEET

Tolomeo tavolo - Led Aluminum

DESIGN BY :

Michele De Lucchi , Giancarlo Fassina
2009

MATERIALS :

Polished Aluminium

DESCRIPTION :

Using Led technology, the attention must be focused not only on energy consumption and light efficiency, but above all on the quality and quantity of the distribution of the light. In fact the advantage of the Led is that it emits 100% light fl ow into the direct hemisphere, eliminating dispersion and waste in other directions.This means that in order to obtain illuminance of 1250 lux on the work surface, with an incandescent light source a power of 100W is necessary, while with a Led source 10W is suffi cient, with a 90% energy saving. Base and cantilevered arms in polished aluminium; diffuser in matt anodised aluminum; joints and supports in polished aluminium. System of spring balancing. 5 direct Led.

Interchangeable support: table base, clamp, desk fixed support and twin support that allows two indipendent lamp units to be fitted.

Light emission

Direct Adjustable

IP 20

Dimmer

TECHNICAL DATA SHEET

FEATURES

Product name:	Tolomeo tavolo - Led Aluminum
Article Code:	**A004030 + A004800**
Colour:	Aluminium
Material:	Polished Aluminium
Support:	Base
Support colour:	Aluminium
Series:	Design
Environment:	Indoor
Area contract:	Hospitality Hotel, Office, Private Residence

OPTICS

Emission:	Direct Adjustable

DIMENSIONS

Length:	(cm) 78
Height:	(cm) 64.5
Base Diameter:	(cm) 23
Max Extension Height:	(cm) 129
Max Extension Length:	(cm) 122
Cutout shape:	

LAMPS INCLUDED

Category:	LED
Watt:	10
Typology:	1
Color Rendering:	N/s

DIMENSIONS

129 cm

ø23 cm

64.5 cm

78 cm

122 cm
